Note: Our school adopts the hundred-mark system and two-file system (Qualified & Unqualified) for the assessment of course performance. The Grade Point Average (GPA) is used to comprehensively evaluate the learning quality of students.

The method of calculating GPA:

Grade Point = Course Credit \* Point Coefficient of the Course after Examination

$$\text{GPA} = \frac{\sum (\text{Point Coefficient} * \text{Course Credit})}{\sum \text{Course Credit}} = \frac{\sum \text{Grade Point}}{\sum \text{Course Credit}}$$
